EXCERPT FROM D/FBIS DAILY LOG - 31 JANUARY 1980

[] DDCI ON MONITORING OF MUSLIM WORLD. The DDCI called to say he was going to the hill in 30 minutes and wanted to know how the [] you asked for" is broken down. We went through a list of our projected ideas for improved Muslim world coverage in FY 80 but he complained it was not totaling up to [] I obtained the memos from [] and we explained to him that the total for FY 1980 was [] positions, and that we had projected [] positions for FY 1981. [] explained that if we were given the full [] staff positions in FY 1980 we would not be able to spend that amount or fill the positions. There clearly had been a confusion in the information presented to the DDCI. I then called [] noting that there were two memos, dated 19 December and 27 December, and that the latter made it clear the money was broken down by two fiscal years. The breakdown contained in the 27 December memo had been supplied in response to a call from the Comptroller's office. (cc: AC/Ops, C/E&PS) (C)
